

Are you a
parent of a child
3-7 years old?

Online
studies

The Talwar Research
Lab at McGill University
is looking for parents to participate
in research studies on **Parents'
Responses to Their
Children's Honesty.**

The study involves filling
out an online parent
diary for two weeks.
The diary entries will
take approx. 10-15
minutes per day, for
two weeks.

Parents will also be
asked to complete a set of
online surveys, incl. a
demographics questionnaire,
which will take approx. 45
minutes to complete.

Parents will receive a \$50 Amazon
gift card for their participation.
